MESSAGE

It is a proud privilege to know that the *Ghana Indian-Malayali Association* is initiating its digital presence to showcase its commitment to Malayalees. Creating a home away from home is one of the most beautiful ways to cherish the rich cultural and social traditions of Kerala. Preserving our oneness by enriching the essence of Malayalee, and yet remaining in foreign lands for livelihood is being practiced by Keralites all over the globe. Our government has been successful in coordinating and bonding Malayalees globally through the **Loka Kerala Sabha**. It is interesting to note that GIMA is devoted to promote the rich cultural heritage of Kerala. Their contributions to help Kerala in times of distress and support for educational initiatives like *Malayalam Mission* are very much acknowledged. I am sure the *Ghana Indian-Malayali Association* will continue to grow by strengthening the chords of coexistence and interdependence.

With warm regards,

A. N. SHAMSEER
